Hello Oleanders! It seems that we have missed so much this year – but we have managed to do amazing projects in spite of covid!. Some clubs continued to meet and

I have had the first Covid vaccination and will soon have the second. I hope that by this spring, we will be able to meet together again. I have missed seeing you “face-to-face”.

We are planning an “Oleander Family Reunion” at the Oleander District Annual Meeting on October 19, 2021. I hope to see all of you there.

Thank you for “Planting and Protecting Nature’s Gems”.

Green Thumb GC in Millen

Left: Mrs. Martha Sue Wilson, a long time member of Green Thumb Garden Club, donated the book "Floral Style: The Art of Arranging Flowers" by Vena Lefferts & John Kelsey. Mrs. Wilson stated that she had found inspiration for many of her floral arrangements from the beautiful pictures. Kathy Gay, Green Thumb president, accepted the book for the club.

Right: Talmadge Fries presented a program on fall plantings and bulbs to fellow Green Thumb GC members. Planting strategies, types of plants for fall, bulb storage and planting tips were discussed. Members were given the pamphlet "This Fall, Think Spring" from the Netherland Bulb Company outlining bulb purchase and planting. Members then shared plants and put together fall planters for their homes.

Talmadge is a multi-talented member of our community and is a wonderful asset to Green Thumb.

St. Marys GC helped the Friends of Crooked River State Park to restore pollinator habitat at Crooked River State Park. One project is to turn a large pasture area into a pollinator meadow at the Park. During restoration, the club purchased native local ecotype wildflower seeds which were planted in the area after removing some of the Bahia grass. They registered the pollinator meadow with the Connect to Protect Pollinator Program of the State Botanical Garden of Georgia. The support team is headed by garden club member, Gail Farley.

Sea Oats Community Service Projects

Sea Oats meeting was held on the Pavilion at historic Gascogine Bluff Park on St. Simons Island. Nineteen members attended bearing their now familiar brown bag lunch. Speaker, Amanda Dunn, Manager of Savannah Bee Co. on St. Simons Island gave a very interesting and informative presentation. She has her own bee hives which make the honey. Shown in the picture are Sybil D'Amico, Dunn, and Annette Neu.

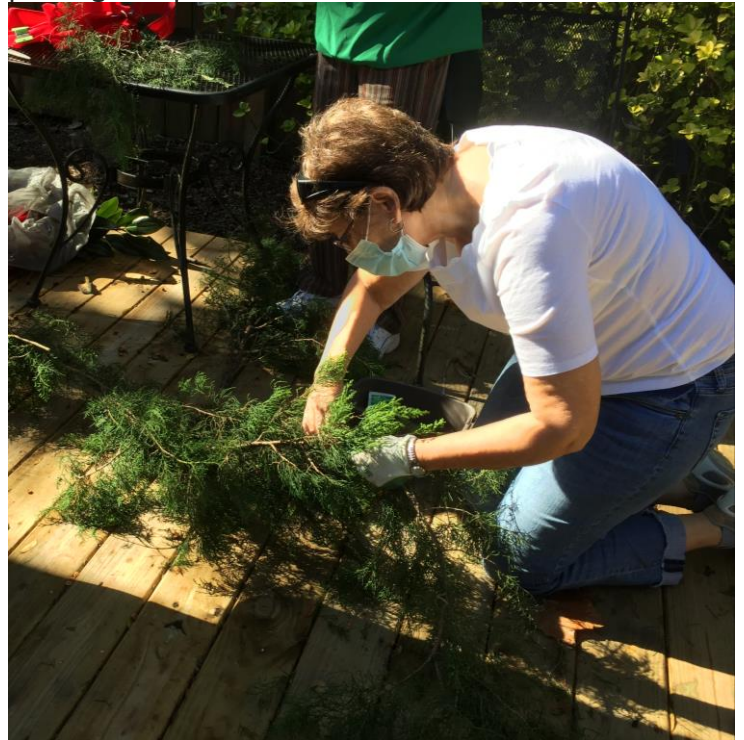

Left: Twice a year the **Sea Oats GC** members collect items for the International Seafarers' Center who gives them to ship workers when they are docked in port. Club members brought the items to the November meeting. Club members (L -R) Sybil D'Amico and Janet Bray are shown with Vicki West, Seafarers' Center manager when they delivered the items. Right: Instead of bringing gifts to play Dirty Santa, the Sea Oats GC members brought food items for Faithworks Ministry. (L-R) Mary Virginia Keith and Francene Roberson collect the items after the meeting for delivery along with a monetary contribution.

Magnolia GC Brunswick couldn't host their annual Tour of Homes due to COVID-19. To keep the holiday spirit alive they dressed up Old Town Brunswick for the Christmas season. Here are their members decorating Hanover Square with garlands, wreaths and swags. They also sponsored a Christmas

decorating contest for Union Street residents of Old Town with prizes awarded in six different categories plus a grand prize.

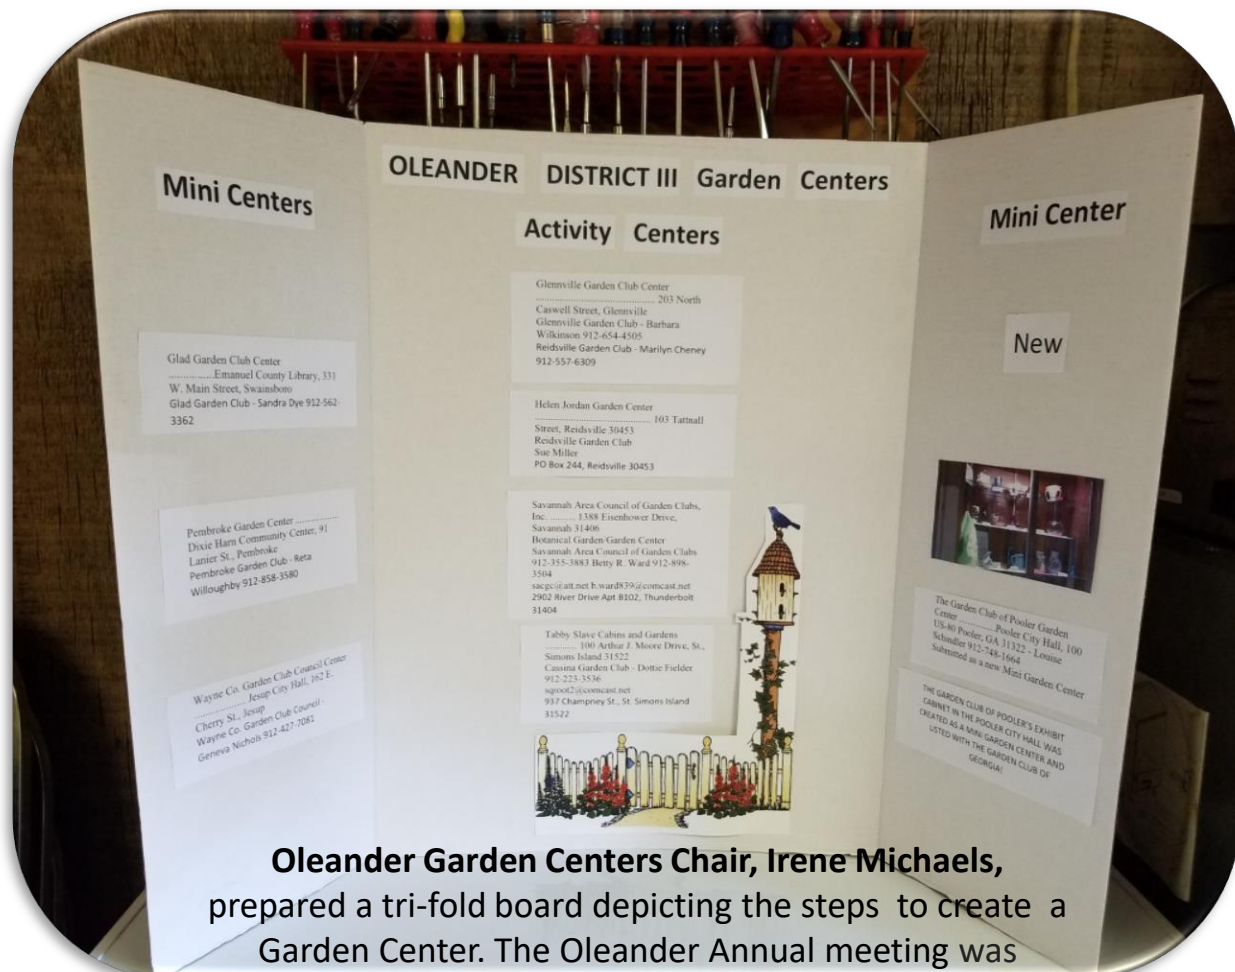

Mount Vernon Garden Club fluffed the wreaths and straightened the bows of over 100 wreaths. They were then joined by the Montgomery County road crew who helped hang the wreaths on each window and door of the Montgomery County Courthouse. It's a beautiful majestic structure!

Want to Create A Garden Center?

Above: Garden Club of Pooler created a new Mini Garden Center in Pooler City Hall. Louise Schindler, the mastermind, along with the other club members organize and change it quarterly. The Mini Garden Center educates and informs the public about the activities of the club. Many thanks to GCG President, Barbara Bourque, for helping get it listed in the Guide thus making it official.

Oleander Garden Centers Chair, Irene Michaels,
prepared a tri-fold board depicting the steps to create a
Garden Center. The Oleander Annual meeting was
canceled but hopefully your club can use this
information to design your very own Garden Center.
